

The Society is interested in both applied and theoretical issues in robotics and automation. Robotics is here defined to include intelligent machines and systems; whereas automation includes the use of automated methods in various applications to improve performance and productivity. Gain Expertise and Open Career Doors

IEEE houses an unrivaled network of professionals, experts, and advisors that can help shape your career, offer resources to acquire new skills, advance your professional development, and provide numerous opportunities for involvement, recognition, and reward.

Stay Current and Get Ahead

Membership grants you access to the largest library of electrical engineering, computer science, and electronics technical literature as well as the latest technology trends, industry news, and events.

Build a Network

Collaborate with IEEE colleagues and member groups, online or in person, to build a support group for your profession, industry, or project.

Professional-Traditional US\$208.00
IEEE Student membership dues US\$32.00

Discounts

IEEE members can take advantage of exclusive and discounted pricing on insurance and a variety of products and services (where available) that can add up to substantial savings.

Opportunities

Expand your personal network with colleagues who share your expertise and commitment. Participate in your local IEEE Section or join IEEE Societies or affinity groups focused to your area of specialty or interest.

ACCESS IEEE PUBLICATIONS ONLINE VIA IEEE Xplore®

Meet your research needs with IEEE Xplore — the digital library of all IEEE scientific and technical documents. IEEE members can search and view abstracts for IEEE transactions, journals, magazines, conference proceedings, standards and educational courses — nearly four million documents. IEEE members can also view all articles from IEEE Spectrum magazine. To learn more about subscription options for full-text access, visit www.ieee.org/digitalsubs or start your search at www.ieee.org/ieeexplore

REDUCED DUES PROGRAM

IEEE realizes that economic circumstances may impact some members' ability to pay the full amount of IEEE membership dues. If you meet certain income qualifications, you may be eligible to receive a discount on memberships and select subscriptions. For this reason, IEEE has established the special circumstance categories: Minimum Income, Retired, Unemployed, Permanently Disabled, Developing Nations. For more information visit <https://www.ieee.org/membership/special-circumstances.html> and for more information about eMembership for developing countries visit <https://www.ieee.org/membership/join/emember-countries.html> If you qualify, please indicate on your renewal invoice when you submit to IEEE with payment.

SOCIETY AFFILIATES

Non IEEE members can become a Society Affiliate by paying an Affiliate fee of \$85.50. Society Affiliates also pay the same amount for society dues as IEEE Members. For example, the society dues rate for 'IEEE Member' for RAS is \$9 plus \$85.50 for the Affiliate fee. Society Affiliates are also entitled to Society Member pricing for subscriptions and can vote in Society Elections.
