

CALL FOR PAPERS
IEEE TRANSACTIONS ON
AUTOMATION SCIENCE AND ENGINEERING

IEEE

Special Issue on 14th IEEE International Conference on Automation Science and Engineering

Topics to be covered include, but are not limited to,

- Cyber physical production systems and Industry 4.0
- Cloud computing for automation
- Big data and data mining
- Automation and control
- Domain specific software & systems engineering
- Mechatronics
- Discrete event systems
- Model evolution (systems and software)
- Human in the loop (in engineering and operation)
- Building automation

Important Dates

- December 2018: announcement of special issue.
- May 2019: paper submission deadline.
- September 2019: completion of the first round review.
- January 2020: completion of the second round review.
- March 2020: final submission due.
- May 2020: tentative publication date.

Guest Editors

Prof. Dr.-Ing. Birgit Vogel-Heuser
Technical University of Munich, Germany
vogel-heuser@tum.de

Prof. Dr.-Ing. Cesare Fantuzzi
University of Modena and Reggio Emilia, Italy
cesare.fantuzzi@unimore.it

Prof. Dr.-Ing. Alexander Fay
Institute for Automation
Helmut-Schmidt-University, Germany
alexander.fay@hsu-hh.de

Prof. Dr.-Ing. Georg Frey
Chair of Automation and Energy Systems
Saarland University, Germany
georg.frey@aut.uni-saarland.de

Paper Submission

All papers are to be submitted through the IEEE's **Manuscript Central** for Transactions on Automation Science and Engineering <http://mc.manuscriptcentral.com/t-ase>. Please select "Special Issue" under Manuscript Category of your submission. All manuscripts must be prepared according to the IEEE Transactions on Automation Science and Engineering publication guidelines <http://www.engr.uconn.edu/~ieeetase/>.
